## ABOUT ME

I have completed a diploma in Information and Communication Technology and worked as a full-stack development intern, where I learned the basics of web development and teamwork. I'm preparing to start my B.Tech and have a strong interest in technology, coding, and building useful projects. I'm a quick learner, sincere, and always ready to take on new challenges. I'm looking for opportunities to grow, gain real-world experience, and improve my skills in a professional environment.

## WORK EXPERIENCE

### Full-Stack Development Intern (Remote)

1/1/2025-PRESENT

- Assisted in the development of web applications using front-end and back-end technologies.
- Collaborated with senior developers to design, code, and test software solutions.
- Participated in code reviews and provided constructive feedback to ensure best practices.
- Completed hands-on training in front-end technologies (HTML, CSS, JavaScript, Bootstrap) and back-end tools (Python, Django), with practical experience in React.js, Git, and applying AI tools in development workflows and so on.

## PROJECTS

GITHUB : <https://github.com/harshparekh2>

- Food Delivery Website** : Developed a full-stack web-based food delivery application using HTML, CSS, JavaScript, Node.js, and MongoDB. Implemented user authentication, dynamic shop listings, and location-based browsing to enhance the user experience and streamline food selection.
- To-Do List Web App (Django)** : Built a responsive and user-friendly task management web app using Django. Enabled users to create, update, and organize tasks with secure login functionality, focusing on clean design and efficient workflow handling.
- AI Chatbot Web App (Flask)** : Created an interactive web chatbot using Flask, featuring real-time conversational capabilities. Designed a minimalist UI and integrated basic AI response logic to simulate meaningful user interactions within a browser environment.

## EDUCATION

### GOVERNMENT POLYTECHNIC GANDHINAGAR

2022-2025

Diploma in Information and communication technology (ICT)

- CGPA : 7.38

## SKILL

- HTML/CSS/JS
- React.js
- Python/Django
- Tools : VS CODE/GIT
- AI Prompt Engineering
- Communication
- Computer proficiency
- Languages : Fluent English/Gujrati/Hindi
